## A Glimpse into Success: Dr. Sabesan Sithamparanathan Engages Jaffna's Youth

On January 5, 2024, upper secondary students in Jaffna had the privilege of attending a session with Dr. Sabesan Sithamparanathan, founder of PervasID. The event focused on guiding students toward success by understanding life's early stages and the value of entrepreneurship.

Dr. Sabesan's insights provided a powerful roadmap for navigating future challenges with confidence. This session underscored the importance of innovation and determination in achieving one's goals.

## Arduino boot camps Ignite Young Minds in Vavuniya & Jaffna

This holiday season, school students in Vavuniya and Jaffna transformed their vacation into a venture of discovery and joy through our special Arduino holiday camps. With over 30 participants in Vavuniya on January 5th and 40 in Jaffna on January 7th, students dived into hands-on learning with Arduino, sensors, and actuators. Guided by dedicated instructors and grouped to foster teamwork, each young innovator crafted their own basic Arduino projects, turning theory into tangible achievements. A perfect blend of fun and education, these camps sparked creativity and technical skills, promising a brighter future for our budding engineers.

## Yarl IT Hub's Kids Holiday Fun Camp மகிழ்க்கம் : A Blend of Learning and Play

Yarl IT Hub hosted a Kids Holiday Fun Camp on January 14th at Kalam, offering 40 students a unique blend of education and entertainment. The camp focused on sparking creativity and interaction among participants. Attendees were introduced to Scratch programming, where they built and presented their own stories, demonstrating remarkable out-of-the-box thinking. Additionally, an awareness quiz on cybersecurity, coupled with fun-filled games, enriched the experience, making learning both enjoyable and impactful.

## UKI Vavuniya Launches Fitness Club to Promote Active Lifestyles

On January 10th, 2024, UKI Vavuniya inaugurated its Fitness Club, embarking on a mission to foster health and wellness among its students. Dedicated to encouraging active lifestyles, the club organizes various activities and outdoor games for about two hours every week. This initiative not only aims to keep students physically fit but also to instill the importance of regular exercise in building a balanced and healthy life.

YGC Accelerator - cohort 8 is officially open for applications on 14th Jan 2024

Uki Project management - 5th cohort is officially open for applications on 26th Jan 2024

On January 15th and 17th, UKI Vavuniya and Jaffna celebrated Pongal with festive activities, embracing cultural traditions and community spirit.

## FiTEN Yarl 2024: A Landmark Conference on Innovation and Entrepreneurship

FiTEN Yarl 2024, held at the University of Jaffna on 19th Jan 2024, marked a pioneering conference that brought together a vibrant tapestry of ideas, opportunities, and visionary minds. This inaugural event, a successful collaboration between Yarl IT Hub, the University of Jaffna, and FiTEN was designed to ignite the passions of students interested in innovation and entrepreneurship.

Participants were immersed in an environment ripe for gaining market access and were provided unparalleled opportunities to cultivate meaningful connections through networking. The conference attracted successful entrepreneurs from India, the USA, and Sri Lanka, offering attendees a unique chance to learn from global leaders in business and innovation.
